

CV

I Personal information		II Languages	
Name and Surname:	Mihkel Vasar	Estonian	Native speaker, excellent in writing
Date of Birth:	January 29, 1988	English	Excellent in speech and writing
Country of residency:	Estonia	Russian	Elementary conversation level
Email:	mihkelvasar@gmail.com	German	Elementary knowledge
Phone:	+372 5239 457	French	Elementary knowledge
Github:	https://github.com/mihkelvasar	Finnish	Below conversation level (can understand, cannot speak)

III Education		
<i>Duration</i>	<i>Level</i>	<i>School</i>
3 years	High School	Tallinn School No. 21
1 year	BA	University of Tartu – Institute of Law in Tallinn - DNF*
6 years	BA	University of Tallinn – Philosophy - DNF*

*DNF – Did Not Finish

IV Work history		
<i>Duration</i>	<i>Place</i>	<i>Job title</i>
3 years, 8 months	LAAM Realty	Real estate agent, odd jobs (mostly billboards)
5 years (as of April 2024)	LAAM Realty	Licensed Realtor level 5 (certificate set to expire April 2024), odd jobs (mostly billboards)
7 years (as of 2024)	self-employed	Freelance real estate photographer and

		videographer
--	--	--------------

V Additional Training				
Duration		Institution	Course	Achievement
9 months in 2023		SDA Academy	Python from Scratch	Certificate
Dec. 2024	March 2024	SDA Academy	Manual testing	Certificate

V Tech Skills	
Technology	Description
Python 3.11 and up	Can write code based on tutorials, guides, API documentation etc.
Django 4.2 and up	Can conceptualize and write simple web app clones based on sqlite databases (blogs, message boards, webstores, social media apps)
Javascript	With assistance (documentation, tutorials, stackoverflow) can code on a similar level to Python.
HTML & CSS	Need significant assistance from materials and documentation to choose a framework and write, for example, responsive web design or even average UI/UX design
Test management applications Testrail, Testiny, Backlog	Can come up with an app-specific manual test plan, document testing proceedings
Test automation with Selenium and Cucumber	Can figure out web application functional testing test automation in Java.
Github	Can create and maintain personal repositories for backup and demonstration. Collaborating needs additional training
SQL databases	Knowledge of simple SQL database management via SQL queries. Automation and access with libraries for Python for example will need some time.
Java	Knowledge of basic syntax and data types. Need significant time and assistance from materials even for simple command line apps.

VI Hobbies
<p>Writing fiction. I have been writing fiction since age 11. I attempted to become a freelance author but I did not succeed. In 2013 my first and thus far only novel was published in Estonian by Varrak with a print run of 800 copies. The Publisher was not interested in a sequel. I am also slowly self-translating my past and current works into English and have also one writing project in English on hiatus. RoyalRoad: MVmikehammer</p> <p>Coding. I have been trying to get into coding many times, but never managed to until SDA Academy “Python from Scratch” course. It has taught me valuable skills. *I did my final course project solo, on average 10 hours per day, 14 days straight. *I am currently reworking one of the earlier Django homework assignments into something I could</p>

use as a home page, blog and a gallery for images, but also to host and export my CV
*I also have several smaller projects in mind exploring various aspects of coding (such as algorithms and useful applications), and to also enrich my Github.

VII Interests

Cars – I have always been interested, but never had the chance to really get hands on with the mechanical side. More about the statistics and culture. I do have a personal vehicle and B-category driver's license.

Computers and computer hardware – I can build my own PC, I can do basic maintenance on PCs and older laptops. I follow the consumer level computer hardware maker. In my younger days I have installed custom ROMs on Ipods and custom operating systems on early Android phones.
